

# INSTALLATION GUIDE

THE FIRST OF THE TWO ALTERNATIVE MOUNTING OPTIONS THAT PROVIDES FREE OF CHARGE UPON REQUEST IS THE TRUNNION MOUNTING.

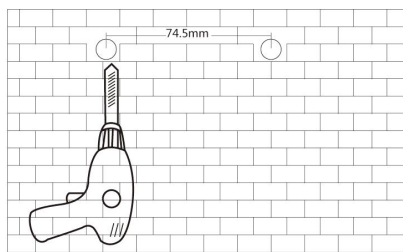

## TRUNNION DIMENSIONS

## TRUNNION MOUNTING INSTRUCTIONS

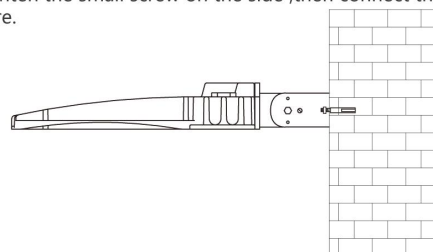

### Step1

Drill two holes on the wall corresponding to the holes on the trunnion, and knock expansion screws into the holes.

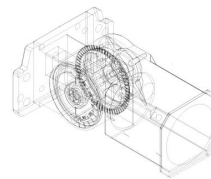

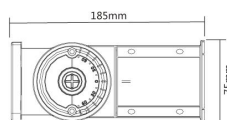

### Step2

Use the nuts to fix the fixture to the wall aiming at the expansion screws, and adjust angle of the bracket and tighten the small screw on the side, then connect the AC wire.

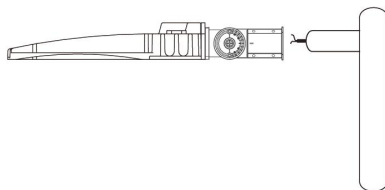

## SLIP FITTER DIMENSIONS

## SLIP FITTER MOUNTING INSTRUCTIONS

### Step1

Connect the AC wire, and then insert the arm of the slip fitter to the pole.

### Step2

Tighten the screws on the side of the arm and then power on.
